His two sisters are telephone company employees. The applicant has never been arrested or involved in any kind of trouble nor have the members of his family. He typewrites using the touch system. He has had some experience with the pistol, being a member of a pistol club and claims to shoot a score of 85 to 90. He drives an automobile. He has no relatives in the Government service.

The applicant attended public grammar school in Cincinnati, Ohio, there after for two years he was a student in the public schools in Flagstaff, Arizona, and finished in the public schools at San Diego, California, where he also completed his high school work, after which for three years he was a student of accounting at the San Diego State College. (During this past Summer he was employed as a bus driver on a bus at Glacier National Park for Howard Hayes, Riverside, California.

The applicant learned of this Bureau through an acquaintance. He knows none of its Agents or any of the employees of the Department of Justice.

The applicant is being recommended. He is a young man who makes a good appearance and appears to be possessed of sufficient force and aggressiveness. His report of the interview, according to Special Agent J. J. McGuire who was interviewed, is substantially correct. McGuire states that the applicant's approach was satisfactory and that he was pleasant during the interview. He mentioned, however, that the applicant did not thoroughly follow up possible suggestions that were made by McGuire with reference to the person mentioned in the interview.

THIS IS TO CERTIFY that the interview and examination was handled personally by the interviewer and that forty minutes were spent during the interview.

Los Angeles, Calif.
September 27, 1936

I saw Mr. J. J. McGuire in the Clark Hotel. This information came from him with regard to THOMAS MYERS:

Thomas Myers came from Connecticut, from a small farm. His parents were still living a year ago, although quite old; no brothers or sisters. He drives a car in a rather reckless fashion; had a smash-up in New York but footed the damages. His health is good; slight build, about 5'9" tall; his schooling consisted of grammar school and high school in Connecticut and then came to pre-law school at Fordham University; went on through law school, graduating in 1931.

He worked his way through school in the Dean's office at Fordham and stayed on until 1933 after graduation. Mr. Myers is not married as far as could be found out. Further information on this subject can be obtained from Christine Johnsen of Bradford, Pennsylvania. Myers was a good student. Listed on the honor roll at Fordham two years; took the bar examination in New York two or three times but did not pass. He passed the Connecticut Bar examination. Belonged to Gamma Eta Gamma Legal Fraternity at Fordham. Myers was of good appearance, dressed well, had initiative and could make himself adaptable to the job on hand; worked hard and put in as many hours as necessary to finish the work at hand. Further information can be obtained from THOMAS WESTON of Fordham University who took over Myers' work in the Dean's office in 1933.

GENERAL COMMENT: Mr. McGuire has been out of touch with Myers for the past three years except by mail from Weston. Myers left Fordham under circumstances which should be investigated as to handling of money in the Dean's office. At present he is traveling from city to city and seems to stay under cover. Further information should be obtained from Thomas Weston at Fordham University.

Belmont majored in economics and accounting. He was graduated at Stanford with distinction and awarded an AB Degree June 15, 1931. COPIES OF THIS REPORT 3 - Bureau 2 - Los Angeles 2 - San Francisco	67-194639-17 OCT 15 1936

The records disclosed Applicant's date of birth as January 22, 1907, Bronx, New York. His father's name is Arthur B. Belmont and his address in 1931 was 130 E. Tamarack Avenue, Inglewood, California. The registrar's records reflect no disciplinary action for Belmont, nor did he participate in college athletics. The records of that office further reflect that Belmont was employed by the University, doing various jobs on the campus.

Mr. John B. Canning, Professor of Economics and in charge of Accounting, advised that Belmont was a member of several of his classes in 1930 and 1931; that he was impressed with Belmont's unusual ability, staunchness of character and reputation. Professor Canning stated that Belmont always had his lessons well prepared, was a gentleman while at the University, and was well liked by his classmates. Professor Canning instructed Belmont in Accounting problems, Price Forecasting, Valuation, Cost Analysis, Capital and Income, in which Belmont received a majority of A's. It is the opinion of Professor Canning that Belmont has the qualifications and background of a first class professional accountant, and he recommends him without any reservations.

It was ascertained that no other instructors of Belmont's were available for interview.

Mr. George E. Culver, Dean of Men, stated that the records of that office disclose Belmont as having a clear record and there is no indication of any disciplinary action. Mr. Culver does not recall Belmont, nor does his secretary, Miss Vivian Church.

Miss Irene W. Coverley, Secretary, Stanford University Student Employment Bureau, stated that she readily recalled Belmont and advised through that office he had received considerable employment on the campus, such as doing garden work, taking tickets at various student activities, and other odd jobs from time to time that occurred at the University. Miss Coverley stated that she never received any complaints relative to Belmont's work; that she considered him one of the most industrious, courteous, and willing students she had come in contact with; she further advised that no complaints were ever received concerning any debts of Belmont's. While attending the University, Belmont resided in one of the school dormitories.

AT SAN FRANCISCO, CALIFORNIA

The records of the Red Salmon Canning Co., 64 Pine Street, reflect that Belmont was employed as a bookkeeper by the Company at Ugashik, Bristol Bay, Alaska, from May 15, 1933 to August 14, 1933.

Mr. R. M. Halsey, Secretary of the Company, stated that Belmont was one of the best qualified men they have had in their employ and that his employment was entirely satisfactory in every respect, and that he would recommend Belmont without any reservation. Mr. Halsey related that Belmont was in charge of their retail trading post at Ugashik and was assigned additional duties, such as maintaining the canning and production records of the cannery, time of employees, and issuing provisions; that it was necessary for Belmont to work long hours which he did voluntarily. It was ascertained that during Belmont's employment he was entrusted by the Company with approximately \$15,000.00, which was under his control.

Mr. Halsey advised that Belmont presents a fine appearance, is intelligent, reliable, knows how to assume and execute responsibility. Belmont's employment was reasonable and should he again make application to the Red Salmon Canning Company he would receive employment.

Mr. E. N. Espensen, Superintendent, Ugashik Cannery, advised that Belmont performed his duties while with the Red Salmon Canning Company in an efficient manner; that Belmont was industrious, displayed initiative, was accurate, and pleasant to his associates. Belmont's reputation and character, as far as Mr. Espensen knows, are excellent.

No credit rating, arrest or criminal record for Alan Haiden Belmont were located at Palo Alto or San Francisco, California.

A telegraphic summary of the above investigation was furnished to the Bureau October 5, 1936.

approximately twenty years, having lived in the same neighborhood with them and having been a frequent visitor at the applicant's home. Runyon stated that applicant's father, ARTHUR B. BELMONT, formerly had a good position as an auditor in Los Angeles which he lost during the depression, and that he is now working as a ranch auditor at Santa Maria, California. Applicant's mother, the former TERESA HARNDEN, is known to be an honest, hard-working housewife who, together with her family, has formed an ideal, mutually co-operative, harmonious family group. Runyon stated that during recent years the Belmont family lost two of their children in accidents, and that the whole family carried the common burden together, each working at odd jobs, endeavoring to pull themselves through the depression and at the same time obtain an adequate education. Applicant himself, as the older member of the family, practically supported the family during the father's period of unemployment. Runyon stated that he knows applicant paid two of his sisters' school expenses and also paid for his younger brother's clothing for the past four years. Applicant's sisters, DOROTHY and EVELYN, are now employed at the Los Angeles Telephone Company and are preparing themselves for the Santa Barbara State Teachers College. Applicant's brothers, HOWARD and DONALD, are high school students at South Gate and are known to perform many odd jobs in the neighborhood in order to earn their expenses. Runyon stated that the entire family is at best in moderate financial condition, and that all members of the family group have indicated their loyalty to one another as well as to their friends and associates. Applicant and his family are members of the Lynwood Episcopal Church, and it is Runyon's belief that applicant is a regular attendant at that church.

Runyon stated that applicant himself is neat, conservative, both in his financial affairs and in opinions, and was described as being of average intelligence and absolute integrity. He is prompt, is known to be a wide reader interested in economic problems, and is a diligent, vigorous, hard worker. It was Runyon's belief that applicant was an honor student at Stanford University; that he was an athletic leader both at San Diego State College and at the South Gate High School where he is now employed as graduate manager. Runyon advised that applicant drinks rarely, and when he does he always drinks moderately, stating that he spends most of his evenings at home or working at odd accounting positions which he has obtained as a sideline to his position with the South Gate High School. For the most part, applicant's friends and acquaintances are teachers and accountants whom he has met in the Los Angeles schools and at Stanford University. Runyon stated that he has never heard anything derogatory concerning applicant's character or reputation, and to his knowledge applicant's conduct has always been exemplary. He further described applicant as being reserved, well mannered and neat appearing.

DR. LEIGH E. SLOAN, 317 East Manchester Blvd., Inglewood, Calif., stated that he has been acquainted with applicant and his family for approximately six years, during which time he has become very well acquainted with the characteristics of that family group. It was Dr. Sloan's opinion that

applicant and members of his family were honest, hard working, and clean living people. Applicant himself, in Dr. Sloan's opinion, is a young man of very high intelligence, loyalty and ambition. Dr. Sloan stated that applicant was in good physical condition to the best of his knowledge; that he was athletic and possessed no detrimental habits, stating that he knew of no physical defects which would hamper applicant's activity. Dr. Sloan advised that he knew applicant's family had been in poor financial circumstances; however, in spite of that condition they had always promptly made small payments to him for the services he had rendered to members of that family. Applicant impressed Dr. Sloan as being neat, possessing a personality capable of meeting the general public on a friendly basis and with a vigorous determination which would enable him to be successful in any type of work.

EDMUND B. GARNER, 11254 Elm Street, Lynwood, California, advised that he has known applicant for approximately ten years, having been associated with him at San Diego State College, stating that he was a member of the college football team and track team on which applicant played, and that he has always found applicant to be fair and honest and trustworthy not only in his athletic relations with applicant, but in his social contacts as well. Garner advised that the members of applicant's family are well known to him and that in his opinion they form a family group that is both mutually cooperative and respected in the neighborhood. Garner stated that he knew of no bad habits possessed by applicant and advised that applicant's social life at college had always been one commanding respect.

SIDNEY H. COUCH, 264 South Normandie, Los Angeles, an instructor at the South Gate High School and business manager for the Hayes Transportation Concession at Glacier National Park, advised that he has known applicant for approximately six years, during which time applicant has impressed him as being a diligent and ambitious, energetic leader. He further described applicant as being industrious and trustworthy, aggressive and diplomatic, advising that applicant was the main support of his (applicant's) family for approximately four years until his father was able to get an accountancy position at Santa Maria, California. Applicant supported his brothers and sisters and has been aiding them in their high school education. Applicant is known to Mr. Couch as being morally clean, accustomed to hard work, as indicated by the long hours that he spends in doing part time jobs at night and on weekends in addition to his duties at the South Gate High School. Couch advised that he frequently attends athletic events with applicant, and to his knowledge applicant has no social or political connections at the present time, although he served on an election board as an inspector, serving in his father's place during the latter's sickness three years ago. Couch advised, however, that applicant is independent of political organizations and does not take active part in political campaigns.

Applicant is known to him to be a tennis enthusiast, playing handball regularly at the South Gate High School, to be a member of the pistol club at Inglewood, California, stating that occasionally applicant fishes and goes on brief hunting trips. Applicant is a cool, straight, logical thinker and has expressed his desire to Couch of becoming a Certified Public Accountant.

As business manager for the Glacier Park Transportation Company, a concession owned by HOWARD HAYES, Mr. Couch recommended applicant for the position of a bus driver during the summer of 1936 at that park, stating that he believed applicant to be the best qualified among the several hundred who had applied for the position at Los Angeles. It was Mr. Couch's belief that applicant met Assistant Director Clyde Tolson while he was at Glacier National Park last summer, as he understood that several of the boys employed in the park had become interested in the Federal Bureau of Investigation through meeting Mr. Tolson. Mr. Couch further advised that Howard Hayes is a friend of Mr. Tolson and has on previous occasions recommended likely applicants to the Bureau. Couch suggested that in this manner applicant may have become acquainted with the Bureau's work.

EMPLOYMENT

WALTER K. MITCHELL, C. P. A. at the F. W. Lafrantz & Company, 325 West 8th Street, Los Angeles, stated that applicant was employed as a temporary employee at five dollars a day doing junior accountancy work, stating that applicant worked from December 16, 1931 to January 19, 1932, and from February 1, 1932 to February 5, 1932. It was Mitchell's recollection that applicant was recommended to his company through the Leslie Everts Company of San Diego, Calif. Applicant's services consisted mainly of straight figuring and bookkeeping, and it was Mitchell's opinion that applicant was capable of becoming an efficient auditor, as judged from the nature of the work produced and the manner in which he approached the work at hand. It was Mitchell's opinion that applicant had been bonded with the Mission Beach Bonding Company of San Diego, and to his knowledge applicant had never been implicated in any transactions of an unethical or dishonest nature. Mitchell further described applicant as being well mannered and personable, cool-headed and logical in his trend of thought. Mitchell further advised that there was nothing of a derogatory nature known to him concerning applicant's habits or conduct, and that he would be willing to rehire applicant on his former record.

TED R. COOPER, contractor, 1031 South Broadway, Los Angeles, advised that applicant had been employed by him as bookkeeper and timekeeper during 1932 and 1933, and that he had found applicant to be a diligent and aggressive hard worker. Applicant is presently employed by Mr. Cooper as a monthly auditor of that company's records. Cooper stated that applicant spends Saturday afternoons and often Sundays bringing the company's financial

records up to date. He described applicant as being an efficient worker, having made several suggestions as to the manner of keeping records which have proved to be of financial value to the company. He recommended applicant highly as being an honest and intelligent and ambitious young man.

RAYMOND O. McMAHON, Manager of the West Coast Laundry Company, 4052 Tweedy Blvd., South Gate, advised that applicant has been employed by him on a part time basis since the summer of 1933, describing his duties as that of an auditor, being engaged in bringing the books up to date at the end of each month for which McMahon pays him a salary of \$15.00 a month. He also advised that applicant does his yearly income tax work and that he has suggested several innovations in the manner of posting the company's records and the manner of keeping their cash accounts which have proved to be of benefit to that company. McMahon stated that he was very well satisfied with applicant's work and would highly recommend him as being an honest worker.

FRANZ FETSCH, Manager of the California Cosmetic Corporation of Hollywood, 7702 Santa Monica Blvd., Hollywood, Calif., stated that he is well acquainted with applicant and his family and that several years ago applicant took his father's place as auditor of that company's financial accounts. Applicant is presently employed by this company on a flat yearly rate for posting the books of that company at the end of each month. Fetsch stated that applicant was reliable, efficient and honest, taking direction well and offering constructive criticisms beneficial to the company's interest. Fetsch stated that applicant usually does this work in the evenings or over weekends in order not to interfere with his regular position with the South Gate High School.

FLORENCE HONN, Principal of the South Gate High School, 3351 Firestone Blvd., Los Angeles, advised that applicant has been employed as student body manager from 1933 up to and including the present time, for which services he receives a salary of \$135.00 a month. Applicant was recommended highly for his industry and demeanor in a position requiring diplomacy and tact, as well as integrity. Applicant's duties consist of running all the financial accounts connected with the operation of the South Gate High School student activities. Approximately \$3500.00 a year in small accounts passes through applicant's hands, and on no occasion has there been any indication that applicant has either been inefficient or dishonest in the handling of these funds. It was the Principal's opinion that applicant was well regarded by all of the seventy instructors at the school, as well as by the entire student body. Applicant is pleasant mannered and has won the respect of the students as indicated by their willingness to follow his suggestions and to give him cooperation in his endeavors to promote activities for their benefit.

HOWARD H. HAYES, Riverside, California, was contacted by Special Agent H. H. McKee, and he advised that he is president of the transportation company at Glacier National Park, a concession let out by the Department of the Interior. It was Hayes' opinion that applicant was of high intelligence, adaptable to varying circumstances, and capable of arduous activity. Applicant worked during the summer of 1936 from June 1 to September 1 as a bus driver at the Park. In addition to that duty, applicant also gave lectures to visitors relative to the geological features of the Park. A salary of \$100.00 a month was paid to applicant, and it was Hayes' opinion that he averaged approximately \$25.00 a month as tips in addition to his salary. It was Hayes' recollection that applicant's services had been satisfactory, that he had been well regarded by fellow employees as well as visitors, and that his personal record and conduct while at the Park had been good. Applicant was selected out of approximately one thousand applicants for the position of bus driver and was fully investigated and came to Mr. Hayes' employment well recommended. Hayes stated that applicant's job was temporary by nature and he considered him eligible for reemployment at the Park.

T. G. DEITZ, Manager, Tagus Ranch, Tulare, California, advised that applicant was bookkeeper and cashier at the ranch department store from November 1927 to September 1928 at a salary of \$135.00 a month, advising that his services were satisfactory and that applicant left the position in order to continue his education. Deitz stated that ROBERT McMILLAN was no longer connected with the ranch, but that from the employment record existing he would not hesitate to reemploy applicant due to the excellent character of his personnel file.

NEIGHBORHOOD INVESTIGATION

The following persons were interviewed and their statements are being combined because of the fact that they are all substantially the same:

HARRY BURNS and HONORA BURNS, 412 East Manchester Blvd.,
Inglewood, California;
MARY LOWIS, 415 East Hillcrest Blvd., Inglewood, Calif.;
ELAM WRIGHT and SARAH WRIGHT, 420 East Hillcrest Blvd.;
JERRY W. Q. MARSH, 4052 Tweedy Blvd., South Gate, Calif.;
AGNES ANDERSON, 3351 Firestone Blvd., South Gate, Calif.;
MRS. EDMUND B. GARNER, 11254 Elm Street, Lynwood, Calif.

The above parties all stated that applicant and his family bore an excellent reputation in the community and are known to be a quiet, congenial and ambitious family group. Applicant himself is known to be ambitious and honest and well thought of due to his efforts in maintaining the family's financial

stability during his father's unemployment. No bad habits or bad conduct concerning either applicant or members of his immediate family were known to these parties. Applicant's younger brothers all have odd jobs in the neighborhood cutting grass, trimming hedges and sweeping sidewalks for neighbors. Both applicant and his family are considered by neighbors as being regular attendants at church.

CRIMINAL RECORD

Inquiries made at the identification divisions of the Los Angeles Police Department and at the Los Angeles County Sheriff's Office reflect that there is no record of applicant or any members of his family.

CREDIT RECORD

L. R. CHENEY, Manager, Retail Credit Company, 515 West 9th Street, Los Angeles, advised that he had no record on either applicant or his father.

G. H. NANNY, Retail Merchants Credit Association of Los Angeles, 417 South Hill Street, Los Angeles, advised that his records disclose that applicant was born January 22, 1907, at Bronx, New York, and that applicant was single and presently employed as a bookkeeper at the Los Angeles City School located at 3251 Firestone Blvd., South Gate. This report indicates that both the position and salary have been confirmed; that applicant owns no real estate, appears to be well regarded, has no outstanding obligations or local trade accounts. Nanny advised that applicant's affairs are apparently in good order, and he considered his credit responsibility rating good.

BIRTH RECORD

Applicant's registration at the San Diego High School, San Diego State College and the records of the Retail Merchants Credit Association all indicate that applicant was born on January 22, 1907, at Bronx, N. Y.

AT SAN DIEGO, CALIFORNIA.

The following investigation was conducted by Special Agent F. E. Wright at San Diego, California:-

C. E. PETERSON, Dean of Men, San Diego State College, was interviewed. He advised that he was a personal friend as well as a teacher of applicant. He stated that he had known applicant and his family ever since applicant entered State College, and since his departure from that institution had made it a point to keep up with his progress, with which he was well pleased, especially in view of the disadvantages Belmont had had to contend with; that he came from a poor family and had always had to work very hard for what he gained, which was true of his education; but that he had never heard it said that applicant had ever complained of his lot. The Dean advised that applicant had worked his way through the college by working mostly in the athletic department and some odd jobs around town; that he was necessarily thrifty, reserved in manner, but very pleasant, and possessed a pleasing personality; was very popular among the students and demonstrated his leadership ability more than once in school activities, belonging to all of the societies and clubs and taking a prominent part in the activities thereof. Applicant is a member of Eta Omega Delta, a good local fraternity. While at this institution applicant was prominent in athletics, regularly winning a place on the track team and threw the javelin, and played guard on the football team. Dean Peterson is athletic director and track coach and stated that he had an excellent opportunity to observe applicant's character in this connection, and that he always found applicant to demonstrate a strong, straightforward character, courageous, fair and honest.

In Dean Peterson's opinion, Belmont is one of his ex-students who is most likely to succeed. He stated that applicant did not take a degree at State College but transferred to Stanford University, Palo Alto, Calif., for his degree, where, according to the Dean, he had excellent scholastic success.

Dean Peterson's brother, Dean G. A. PETERSON, Dean of Arts and Sciences, was present during this interview and stated that he knew applicant only as a student but recalled how he had been considered a very promising young man at the time.

Dean Peterson introduced the writer to MRS. MULLEN, Dean of Women, who stated that she had come in contact with applicant on many occasions during the planning of collegiate social events in which applicant played an executive part, and had always found him to be most pleasant and courteous.

MRS. COOPER, Registrar, advised that her records reflected that Belmont entered State College on September 15, 1926, withdrew temporarily for the latter part of 1927 and early 1928 (no reason given), reentering in 1929 and remaining until 1930, attending three years altogether. Belmont majored in Economics and attained better than average grades for the three years. His birth date was given as January 22, 1907, and his residence

JAMES CONNOR was principal of McKinley Grammar School at that time, but he advised that he had no recollection of applicant, stating that the Board hired many high school and college students as part time janitors, some working only during vacation and holiday periods.

L. S. EVERTS, President of Leslie Everts Company, Certified Public Accountants, 727 First National Bank Building, San Diego, Calif., advised the writer that he could not recall Belmont having worked for him as a junior accountant, but reference to his records disclosed that applicant was employed by his firm from the latter part of July 1931 to the first part of November 1931 at the rate of fifty cents per hour, applicant averaging 200 hours per month. The record further showed that most of applicant's duty was adding machine and clerical work on the San Diego City and County audits.

MRS. DOROTHY CUNNINGHAM and MRS. HARRIETT McKERNAN, secretaries in Everts' office, advised that they knew applicant well as they had done some accounting work with him in the office; that they had found him most anxious to learn, a willing worker, pleasant and clean spoken. Mrs. Cunningham advised that she was acquainted with Belmont's private life and knew him to be of clean moral habits and honest in every respect.

All informants interviewed stated that they had never heard of applicant being involved in trouble of any nature. No one could testify as to whether he drank.

No criminal record was found at the San Diego Police Department or San Diego County Sheriff's office for applicant.

MR. KNEFLER, Merchants Central Credit Association, Ltd., San Diego, advised that he had no credit rating on applicant.

A telegraphic summary reflecting the above information was forwarded to the Bureau on October 5, 1936, and a further summary was telegraphed on October 6.

Inasmuch as this office is in receipt of a copy of a telegram from the San Francisco Bureau office to the Bureau reflecting investigation at Stanford University, Palo Alto, California, this case is being considered closed due to the fact that there appear to be no outstanding leads to be covered.

CLOSED.

MEMORANDUM FOR THE DIRECTOR

Re: Trainees in Training School
for New Special Agents
November 30, 1936 - March 6, 1937.

The comments which follow will relate individually to each of the members of this particular class and may serve as a guide to the Director in the assignment of the Special Agents to their first offices of assignment. They are scheduled to complete their course of training on March 6, 1937. In the remarks concerning each of the employees their weaknesses are emphasized as it is felt that this information would be more valuable in determining the offices to which they should be assigned. *****

(// ALAN H. BELMONT, Special Agent. (A) //

B. Belmont

Education:	A. B., with accounting major, Stanford University. Studied accounting at San Diego College and home study for C. P. A. examination.
Experience:	Has been cashier, paymaster, bookkeeper, junior accountant, and auditor.
Age:	30
Marital Status:	Single
Legal Residence:	Inglewood, California
Office Preferences:	Los Angeles, San Francisco, Denver.

This Special Agent is one of the better men of the class and should eventually develop into considerably above an average Special Agent. His ability to make contacts is rather good; he is sincere, and intelligent; likewise, tenacious and persistent. He lacks confidence when an assignment is first given him but after receiving instructions he outlines his objectives and once he has started on the case is resourceful and has considerable initiative. His weakness, at present, is his initial confidence on any assignment, but it is believed that road work in a section of the country where cooperation is easily obtained will be helpful in building up this confidence.

Therefore, it is recommended that some office in the midwest or some office like Charlotte, North Carolina, would best serve his needs.

Respectfully,

Memorandum for the Director.

- 2 -

March 16, 1937.

This Special Agent was definitely one of the better men in the class of which he was a member. He worked hard, was conscientious, presented a neat appearance, and was above average in the class in intelligence. When attacking a new type of problem, he lacks confidence in his own ability to about the extent that an average new Special Agent is lacking in such confidence. When once he feels that he has found the problem involved, he is able to prepare an intelligent program for attacking the problem and is able to apply himself in a practical way that stamps him as better than an average Special Agent in prospects.

He is neat in appearance, seems to be possessed of a nature and disposition that would enable him to make good contacts with law enforcement officers as well as business and professional men. His judgment is sound and he is possessed of a satisfactory amount of resourcefulness. He appears to be sincere. It is believed that in shorter than the average amount of time he will be able to develop into a Special Agent of above average ability.

Respectfully,

H. H. Clegg

REMARKS

SAC Clegg states this employee presents a good appearance, dresses neatly and is exceptionally strong-physically. He has a pleasing personality, is well liked by local law enforcement officials and is being automatically rated as fair due to his lack of experience. Mr. Clegg reports his progress has been rapid and thinks he has possibilities of developing into an excellent Agent. He has been used on short road trips and assignments at the headquarters city. He presents his rough drafts in good form, is a good dictator for a new Agent, works hard and puts in a considerable amount of overtime. He handles details promptly and is original in his ideas. Mr. Clegg states he is the type of Agent that any Special Agent in Charge would hate to lose. He exercises good judgment, is resourceful, intelligent, ambitious, conscientious and sincere. He has successfully worked one rather difficult case. He asks intelligent questions which are to the point and Mr. Clegg has been impressed with his business-like manner. He has good reasoning powers, uses initiative, plans his work and spends a minimum of time in his office. Mr. Clegg states he is somewhat timid but believes he will overcome this fault with a little more experience. He has not testified in court, nor has he had enough experience for Mr. Clegg to judge as to his administrative or executive ability. However, he thinks he bids fair to develop into a better than average Special Agent. Mr. Clegg would not hesitate to use him on a dangerous assignment.

This employee has not performed any accounting work to date, having been assigned to the field only since March 7, 1937. There have been no criticisms of him during this period.

RECOMMENDATION: I respectfully recommend no change in grade or salary at this time.

Respectfully,

P. E. FOXWORTH.

Dear Mr. Clegg:

Reference is made to your personal and confidential communication dated June 4, 1937, concerning the desire of Special Agent (A) A. H. Belmont to have his status changed to that of Special Agent.

This is to advise that I am of the opinion this Agent has not been in the field for a sufficient period of time to permit me to pass upon his request. Please advise Agent Belmont that his request will be held in abeyance for a period of six months.

Dear Sir:

Sometime ago Agent ⁰Belmont talked to me about changing his status from a Special Agent (A) to a Special Agent, and I instructed him to take the matter up with me at a later date after he had given it more consideration. On June 2, 1937, Agent Belmont again approached me on this subject and stated he is very desirous of changing his status from a Special Agent (A) to a Special Agent. He stated that he is keenly interested in general investigative work and that while he does like accounting work he will be more satisfied if he is placed on general assignment. I told Agent Belmont that his request would be transmitted to the Bureau for its consideration.

For the information of the Bureau, this Agent has made remarkable progress, as will be noted in his efficiency report, and he bids fair to be eventually rated as an excellent Special Agent. Agent Belmont is under transfer to the Chicago office, and he will depart from Birmingham around June 19, 1937.

This matter is being called to the Bureau's attention for such action as is deemed appropriate.

Very truly yours,

J. E. Clegg

RE: Special Agent (A) A. H. Belmont

B
Dear Sir:

Please refer to Bureau letter dated June 1, 1937, addressed to Special Agent Belmont, instructing him to proceed to Chicago, Illinois, on official transfer.

This will advise that Agent Belmont will be a necessary witness in court at Birmingham, Alabama, on June 11, 1937. Agent Belmont is also working on a rather involved Theft from Interstate Shipment case which at present has ten subjects, and it is believed inadvisable to assign another Agent to handle this case at the present time. For the information of the Bureau, Agent Belmont has been working in cooperation with local authorities on the Theft from Interstate Shipment case, and it is believed they would not react favorably if another Agent was assigned to work with them at this time. Agent Belmont concurs in this matter and advised me that he will be in a position to leave Birmingham around June 19, 1937.

Unless advised to the contrary, I will instruct Agent Belmont to proceed to Chicago as soon as possible after June 19, 1937.

Re: SPECIAL AGENT (A) A. H. BELMONT
THIRTY-DAY REPORT

Dear Sir

b6
b7C
Special Agent (A) A. H. Belmont has been assigned to the Chicago Office since June 25, 1937. He presents a good personal appearance and is possessed of a good personality. During the period of his assignment to this Office he has worked with Special Agent (A) [redacted] on the case entitled "ALTHEA FERNE DENNIS, Christmas Club and Saving, Receiving and Paying Teller, LAKE SHORE TRUST & SAVING BANK, FEDERAL RESERVE ACT," this assignment being from June 25, 1937 until July 17, 1937. A memorandum was submitted by Special Agent White relative to this Agent, which memorandum is as follows:

"Agent Belmont assisted me in examining the records of the Bank and in interrogating Mrs. Dennis and other employees of the Bank. This particular case was not the type of case that would ordinarily require the services of two accountants. However, Agent Belmont was assigned to assist me for the purpose of familiarizing him with the internal operations of a bank and to acquaint him with the procedure in conducting investigations of National Bank and Federal Reserve Act cases.

As a result of my contact with him, I submit the following comments:

JUL 30 1937
The tracing of Subject Dennis' shortages did not require any particular accounting ability as her peculations were accomplished by merely withholding deposits. However, in tracing these shortages through the records for purposes of obtaining

evidence of false entries and from my conversations with Agent Belmont, he impressed me as having a good knowledge of basic accounting principles.

In ascertaining the method of internal check used by the Auditing Department of this Bank, he made several pertinent comments which also indicated a good knowledge of auditing principles. I understand from him that he has had no particular experience in banking work. However, he had no difficulty in comprehending the internal method of accounting in this Bank. He has recently purchased a set of instructions in bank accounting known as "The 20th Century Bank Accounting Course," which should be of assistance to him in obtaining a general knowledge of bank accounting procedure.

The preliminary investigation of this case indicated that some of the other employees of this Bank may have assisted Mrs. Dennis, or at least had knowledge of her peculations. In an effort to ascertain whether or not such a condition existed, Agent Belmont exhibited his ability to reach a logical conclusion as to which of the other employees of this Bank was most likely to be involved.

In several instances I had occasion to assign certain work to be handled by him entirely. After explaining to him what I wanted, he required no further supervision. In examining his work papers, I found that they were prepared accurately, neatly, and in a legible handwriting.

He has a pleasing personality and I believe will create a favorable impression upon those whom he meets.

Agent Belmont also assisted me in conducting a search of Mrs. Dennis' apartment and I noticed that he was very thorough in examining all papers and documents found in her apartment."

Agent Belmont is presently assigned to another bank case with Special Agent (A) [redacted], upon completion of which the Bureau will be advised with respect to his manner of handling that assignment.

E.O.D. 11-30-36 Present Grade and Salary, Caf 9, \$3,200.

A review of the file of the above employee reflects that he entered the training school for new Special Agents on November 30, 1936. At the conclusion of this school Mr. H. H. Clegg reported that this Agent was definitely one of the better men in his class. He worked hard, was conscientious, presented a neat appearance, and was above average in intelligence. It was Mr. Clegg's opinion that this Agent would develop into one of above average ability in shorter than the average amount of time.

The efficiency report of May 1, 1937, was submitted by Special Agent in Charge J. E. Clegg, who reported that this Agent's progress had been rapid and that in his opinion he had possibilities of developing into an excellent Agent. Mr. Clegg stated that this Agent was somewhat timid, but that he believed he would overcome this fault with a little more experience. No opportunity had presented itself for Mr. Clegg to witness this Agent testifying in court, nor had he at that time performed any accounting work.

This Agent was transferred to the Chicago Field Division June 24, 1937, and was assigned to accounting work. The 30-day report submitted by Special Agent in Charge Ladd with further comments by Special Agent (A) W. J. White, under whom this Agent was working, reflects that in the opinion of the above mentioned individuals this Agent was making good progress, showed a definite knowledge of accounting problems, and while still somewhat timid, appeared to be above the average.

MEMORANDUM FOR SPECIAL AGENT IN CHARGE D. M. LADD:

On the evening of Saturday, September 11, 1937, while returning from an appointment with the dentist via the Evanston "Shoppers' Special" L. train, Agent left the train at Adams Street in the loop at approximately 7:15 P.M., leaving the black zipper brief bag issued by the Bureau on the train. The case contained Bureau accounting lessons Nos. 7 and 8, a partly worked problem and several pads of blank paper.

Attempt was made to recover the above property through the Lost and Found Departments of the Rapid Transit Company without success. However, Agent's name and address were left with the Lost and Found Departments in the event the property is turned in.

The delay in submitting the present memorandum is occasioned by the fact that the Lost and Found Departments were closed over the weekend and Agent was called to Birmingham, Alabama, on subpoena, returning September 15th.

I am attaching hereto a summary of the file of the above mentioned Special Agent Accountant for consideration in connection with the possible assignment to Washington in a supervisory position.

From a review of the file, it is noted that although he appears to be developing very good in the field, he has not as yet been on his own on any accounting case. It is further noted that he is desirous of having his status changed from Special Agent (A) to Special Agent. While I believe that this Agent has possibilities of advancement in the service, I do not believe that further consideration should be given to transferring him to Washington in a supervisory position until receipt of the next semi-annual efficiency rating report.

RE: SPECIAL AGENT (A) ALLEN H. BELMONT.

Dear Sir:-

Recently Special Agent (A) Allen H. Belmont, presently assigned to the Chicago Division, was subpoenaed in the trial of a number of cases in Federal Court here at Birmingham, Ala. On two occasions I had opportunity to sit in the court room while Agent Belmont was testifying. In one of the cases the testimony which he was required to give was not of an involved nature, but in another of the cases his testimony pertained to a rather involved investigation, and he was subjected to a fairly strenuous cross-examination. I observed Belmont when he testified and it was my observation that he made a good impression on the jury with his testimony. He testified quietly and without prejudice or bias in his demeanor or in his responses. His answers were prompt and to the point. He did not appear over anxious nor were his answers hesitant so as to infer doubt in his mind. One criticism of him is that his voice is naturally rather weak and he had to be instructed by the Judge on one occasion to speak louder. He immediately remedied this and this failing was not noticed thereafter. On the whole it is believed that his testimony in cases was largely responsible for the successful outcome thereof.

I am transmitting this information to you for any assistance that it might be to you.

Very truly yours,

lot where the attendant handed him the keys to the car and told him the car was on the lot; that when ^{he} went to look for the car it was gone.

Mr. Fletcher further stated that while his son was allowed to drive the car he did not drive it that night; that no one else used the car; that when he purchased the car there was an extra set of keys but he didnot know where this set was at the present time, probably somewhere at his home. Mr. Fletcher advised that he saw no one of suspicious nature near the parking lot where ^{he} parked his car and that he did not know who could have taken it; that he immediately reported the theft to the police and notified the Lumbermans Mutual Casualty Company Branch in Washington which had insured the car; that ownership papers for the car were turned over to the Insurance Company at the time they made settlement.

When questioned as to the car Mr. Fletcher stated that it was a straight 8 Marmon Sedan, steel grey in color, with wire wheels and having two spare tires located near the front fenders; that the car had been driven about 2400 miles at the time of the theft, was valued by him at about \$1600 as he had paid \$2000 for it a few months before; that the upholstery was in good shape except for a beer stain on the carpet in front of the rear seat; that the left back of the rear bumper had been welded due to an accident and the bumper itself had been scratched; that he did not know the serial number or the motor number or other means of identification except the license number which he gave as D.C. K7941. Mr. Fletcher also stated that the only personal property left in the car to his knowledge was a lap robe in the rear seat.

Mr. Fletcher further advised that he did not want the car back as the insurance company had settled with him for it and he did not care what happened to the man who stole the car; that he did not know of anyone by the name of Martin A. Burke or James O'Donnell and had no acquaintances in Hoboken, New Jersey.

UNDEVELOPED LEADS

WASHINGTON FIELD DIVISION

Will interview proper official at Lumbermans Mutual Casualty Company at 1301 H. St. N.W., Washington, D.C. to get further description of car in question to establish positive identification, scrutinize ownership papers and find out the proper person to produce papers in court.

EL PASO FIELD DIVISION

At Roswell, New Mexico, will interview subject Martin J. Burke, to ascertain what changes if any were made on the stolen car between the time the theft was committed until subject was arrested in Roswell, also whether car was taken from Poole's parking lot.

REMARKS

Special Agent in Charge Ladd states Agent Belmont presents a good personal appearance and is possessed of a good personality. He is believed to be loyal to the Bureau. He impressed Mr. Ladd as having a good knowledge of basic accounting principles, as well as of the Bureau's work generally. His accounting work papers are prepared particularly neatly and in a legible handwriting. He is a quiet individual but has the courage of his own convictions and it is believed he would not be swayed once he is sure he is correct. Judging from his reports submitted at the Chicago office, Mr. Ladd believes his work is thorough and comprehensive. His dictation and paper work are good. He is qualified to operate a typewriter and is a good automobile driver. He is qualified in the use of all types of firearms and believed to be suited for use on hazardous assignments. Mr. Ladd had not had an opportunity to observe him testify.

On June 4, 1937, Special Agent in Charge Clegg, Birmingham, directed a letter to the Bureau, reflecting that Agent Belmont had indicated the desire of changing his status from a Special Agent (A) to a Special Agent. At the same time, Agent in Charge Clegg stated that Agent Belmont had made considerable progress and indicated he would eventually be rated as an excellent Special Agent. Due to the fact that Agent Belmont had been in the service only a short period of time, the Bureau did not grant this request, but indicated same would be held in abeyance for a period of six months.

On October 16, 1937, Special Agent in Charge Bugas, Birmingham, furnished information to the effect that he had had an opportunity to observe Agent Belmont while testifying, and it was his observation that he made a good impression on the jury. He testified quietly and without prejudice or bias in his demeanor or in his responses. His answers were prompt and to the point. He did not appear over anxious nor were his answers hesitant so as to infer doubt in his mind. However, his voice is naturally rather weak and he had to be instructed by the Judge on one occasion to speak louder. Thereafter, he immediately remedied this fault.

On November 17, 1937, Agent in Charge Ladd recommended that Agent Belmont be granted an increase in salary.

The above employee was reported by Mr. Clegg at the conclusion of the Training School as being definitely one of the better men in his class; a hard worker; conscientious; neat in appearance, and above average in intelligence. Mr. Clegg expressed the opinion that Agent would develop into an Agent of better than average ability in less than the average amount of time.

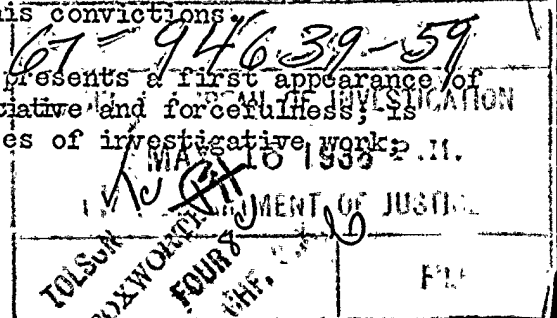

On May 1, 1937, Special Agent in Charge J. E. Clegg reported Agent's progress had been rapid and that Agent had possibilities of developing into an excellent Agent; that although somewhat timid, would overcome this fault with more experience.

This Agent on June 4, 1937, expressed a desire to have his status changed from an Accountant to that of a Special Agent, but in January, 1938, stated he enjoyed the accounting work very much and no longer desired this change in status. Agent left a black zipper Bureau brief case, together with two Bureau accounting lessons on an elevated train in Chicago, in September 1937, for which he reimbursed the Bureau for the loss of the zipper case. A physical report afforded him in Washington, D. C., during December 1936, disclosed he has no defects of a pathological importance and does not wear glasses.

In October 1937, Agent while testifying in Federal Court was instructed by the Judge to speak louder, which he thereupon did, remedying this fault. SAC Ladd on November 1, 1937, reported Agent possesses a good personality; is loyal; has a good basic knowledge of accounting principles as well as the Bureau's work generally; performs thorough and comprehensive work; is good at dictation; and is a quiet individual but has the courage of his convictions.

On May 1, 1938, SAC Ladd reported Agent presents a first appearance of being rather quiet, but possesses considerable initiative and forcefulness; is well qualified to handle accounting and other phases of investigative work.

MEMORANDUM FOR MR. TOLSON

It is noted that many applicants for stenographer, typist, messenger and other positions with the Bureau who call at this office for examinations and personal interviews are not physically qualified for the positions they seek, particularly with reference to visual requirements. It is believed that in the majority of instances these applicants have received their application blanks principally from Congressman and other sources and therefore have not been informed as to the necessary physical requirements for a position with the Bureau, in contrast with the procedure followed when an applicant receives his application blank direct from the Bureau by mail.

In view of the above it is respectfully suggested that a form be printed showing the requirements necessary to qualify for positions with the Bureau, and that such forms accompany the distribution of application blanks in all instances where the distribution to applicants is not made directly from the Bureau by mail. In the latter case, of course, under the present procedure the qualifications are set out in a cover letter.

It is believed that the above procedure would eliminate to some extent examinations and interviews presently being afforded applicants who cannot be given consideration due to lack of physical qualifications.

A suggested form to meet these requirements is attached hereto.

Respectfully,

JUL 21 1938 A. H. Belmont

67-94639-67

I am of the opinion that the above suggestion is one which should be considered favorably. WRG

(5)

In connection with applications for positions with the Federal Bureau of Investigation, application may be made for the following positions: Special Agent, Stenographer, Typist and Messenger. A statement concerning the position of Special Agent may be secured upon request. Stenographer applicants are required to take a dictation test at the rate of 120 words per minute and qualify as Typists, and Typist applicants must pass a typing test at the rate of 45 words per minute. Messenger applicants are required to be proficient in the use of a typewriter.

All male applicants for positions in this Bureau must meet the requisite physical and visual standards which have been set up for this service. A visual standard of 20/30 uncorrected in both eyes and corrected to the recognized normal vision of 20/20 in both eyes, has been set. The applicant must not be color blind. He must pass a rigid physical examination immediately upon reporting to duty in Washington, and in the event this physical examination reveals that he is not considered capable of performing strenuous physical duties, or that his vision is defective, any appointment offered will be immediately recalled.

The only positions for female applicants in this Bureau are Stenographer and Typist. A visual standard of 20/40 uncorrected in both eyes, corrected to 20/20 in both eyes, has been set up for all female applicants for these positions.

Persons possessing the requisite qualifications and interested in applying for appointment to any of the above positions may execute and return the attached form of application, to be given consideration when vacancies occur. There are no vacancies in this service at the present time.

SAC Ladd reports Agent Belmont presents a very good personal appearance and is possessed of a good personality. He has a very good knowledge of accounting work and has conducted a number of such investigations. He presents a first appearance of being rather quiet, but is possessed of considerable initiative and forcefulness. His reports have been thorough and comprehensive. His dictation and paper work are generally very good. He is well qualified to handle general investigative work and has been used to advantage on such cases on many occasions. He operates an automobile and a typewriter satisfactorily. He is qualified in the use of all types of firearms and believed to be well qualified for use on raids and hazardous assignments. He is loyal to the Bureau, a very willing hard worker and has devoted considerable overtime to the performance of his duties.

REMARKS:

(Under this heading shall be set forth a digest of criticisms and conditions of significance which will reflect deficiencies, meritorious features, and special qualifications or disqualifications.)

Special Agent (A) A. H. Belmont presents a very good personal appearance and is possessed of a good personality. He has worked a number of accounting cases and I have found him to have a very good knowledge of that type of work. He presents a first appearance of being rather quiet. However, he is possessed of considerable initiative and forcefulness. His reports have been thorough and comprehensive. His dictation and paper work are generally very good. This Agent is also well qualified to handle other phases of investigative work and has been used to advantage in connection with other investigative cases on many occasions.

Belmont is qualified to operate a typewriter and is a good automobile driver. He likewise has qualified in the use of all types of firearms and I feel he is well suited for use on raids and other hazardous assignments.

Belmont is loyal to the Bureau - a very willing, hard worker.

During the six months period, October, 1937 through March, 1938, this employee devoted 486 hours and 30 minutes overtime to his duties.

Status good.

MEMORANDUM FOR MR. TOLSON

Attached is the efficiency rating for Mr. Alan H. Belmont indicating that a \$100 promotion should be recommended.

Under date of July 9, 1938 a memorandum was prepared listing the individuals at the seat of government in grade CAF 9, and advising that the average for the grade would not be exceeded if one additional employee received a \$100 promotion, but that such a promotion for two employees would cause the average to be exceeded. This office was subsequently advised that Mr. D. J. Parsons had been selected to receive a promotion, and a personnel recommendation to that effect was prepared.

In view of the above it does not appear that an additional increase can be made in this grade.

MEMORANDUM FOR MR. GLAVIN

Re: Tests Afforded Stenographer Applicants
at the Aberdeen Office

On August 16, 1938, the tests taken by a group of applicants for the position of Stenographer were transmitted to the Bureau by the Aberdeen Field Division. However, on several of the papers the time necessary to complete the grading of the tests was not shown and therefore the writer dictated a letter on August 23d, requesting the time element in these tests. On August 27th the necessary time element was transmitted to the Bureau by letter from the Special Agent in Charge at Aberdeen; the grading was completed on the papers, and the results transmitted to Aberdeen by a letter dictated by the writer on September 3, 1938.

By letter dated October 12, 1938, the Aberdeen Office called attention to the fact that the two letters dictated by the writer did not agree inasmuch as the letter of August 23d contained a statement "however, in all except the test afforded the last applicant, Lorraine Bennett, the time element is not important inasmuch as they failed regardless of the amount of time consumed" ... whereas the letter of September 3d showed Lorraine Bennett to have failed her stenographic test and her sister Dorothy Bennett and applicant Doris Findeis to have passed both tests.

Upon checking, it was ascertained the writer was in error in the letter of August 23d in the sentence noted above. This error was caused by the transposition of the names of Lorraine and Dorothy Bennett, and the misgrading of Doris Findeis' paper, which of course was corrected after the time element was received from Aberdeen.

A letter was dictated by the writer on October 15, 1938, informing the Aberdeen Office that the grades shown in the Bureau's letter of September 3d were correct and re-listing those grades about which a question had been raised.

The writer regrets exceedingly the above error as it seems to indicate a careless attitude, whereas the writer can definitely assure you this is not true. Every attempt will be made to avoid errors of any type in the future.

It is observed that Mr. Belmont failed to make a passing grade and it is suggested that when an opportunity arises, you afford him from time to time an oral or written quizz on the Bureau's manuals in order to stimulate his interest and increase his knowledge of Bureau rules, regulations and instructions.

You are advised that you attained a grade of 98.6 on the examination.

Received instruction or training in Voucher Preparation; Fingerprint Classification; Latent Fingerprint Work; Use of Reconar Camera; Mechanics of Arrests and Searches; and Correction of Rough Draft Reports.

It is necessary that a grade of eighty-five per cent or more be made on the written examinations and the other tests which were given during the school in order for the grade to be considered satisfactory.

In firearms training, the passing grade for all weapons is sixty per cent, with the exception of the Practical Pistol Course, for which the passing grade is thirty per cent. Any grade made in the use of firearms which does not meet with these requirements is considered unsatisfactory.

Reference is made to the fact that the writer omitted to inspect the Director's Lincoln on the morning of January 13, 1939, with the result that it was not noted that the defroster plates were not in place on the suction caps on the windshield of the car.

Please be advised that the Lincoln was last checked on January 11, 1939, at which time it was ascertained to be in good condition in all respects. In addition, the battery was checked on January 12, 1939. It is believed, however, that due to the cold weather and snow occurring on January 13, 1939, the car should have been again examined with particular reference to winter appliances on the morning of January 13th.

The writer regrets the omission of this inspection and wishes to assure you that in the future inspections in addition to the regular inspections will be made in instances where inclement weather prevails.

Mr. Glavin advises that Agent Belmont has been assigned to the Chief Clerk's Office since June, 1938; that this employee has developed into an expert in the use of firearms and spends considerable time out of the office on the range. He is a dependable, loyal, conscientious employee, who voluntarily devotes considerable overtime and is suitable for dangerous assignment. Mr. Crowl believes that Mr. Belmont has not yet learned all of the functions of the Chief Clerk's Office and it is Mr. Crowl's intention to concentrate on giving him additional training and assigning him additional duties to broaden his knowledge. He conducts interviews of applicants entirely satisfactorily and may be considered as a good employee at this time. Mr. Crowl is of the opinion that he has some executive ability and effort will be made to develop that quality further. Mr. Belmont failed to make a passing grade in the September, 1938 supervisors conference.

Assistant Director H. H. Clegg on November, r, 1938, following retraining school, observed this agent appears to rate about average in personal qualities and attitude, his testimony was fair, interviews conducted fair, fair in ability to express himself clearly, above average in mental alertness, resourcefulness and industry as well as in energy and willingness to work. Mr. Clegg believed him to be a good Special Agent,

thought he would be a satisfactory resident agent, but not qualified for an administrative position. Agent Belmont was criticised on January 14, 1939 for failure to have one of the Bureau automobiles in proper condition. On April 12, 1939 he failed to make available a car and chauffeur for an Assistant Director for the reason that he received a call to go to the range and apparently forgot. He was commended by the Director for coaching the basketball team during the 1938-1939 season.

REMARKS:

(Under this heading shall be set forth a digest of criticisms and conditions of significance which will reflect deficiencies, meritorious features, and special qualifications or disqualifications.)

Agent Belmont has been assigned to the Chief Clerk's Office as a Supervisor since June 16, 1938. His duties consist of interviewing clerical applicants, handling applicant mail, handling the clearing of Field Civil Service Certificates for stenographers and typists, the supervision over the Supply Room, periodic inspections of the Chief Clerk's Office and handling tours on the Pistol Range. A number of these duties are similar to those performed by Special Agent H. T. O'Connor inasmuch as Agent O'Connor and Agent Belmont take turns at handling the applicant interview room. The one not so assigned handles applicant mail and sundry duties.

Agent Belmont has developed into an expert in the use of firearms and spends considerable time out of the office on the range.

He is a dependable, loyal, conscientious employee, who voluntarily devotes considerable overtime in the performance of his duties. He is qualified in the use of all types of Bureau firearms and is suitable for dangerous assignments.

He has not as yet learned all of the functions of the Chief Clerk's Office and it is the writer's intention to concentrate on giving him additional training and assigning him additional duties from time to time so as to broaden his knowledge of the Chief Clerk's Office.

Agent Belmont has conducted the interviews of applicants entirely satisfactorily and may be rated as a good employee at this time. I am of the opinion that he has some executive ability and I shall endeavor to develop that quality further.

Have the contents of this report under the heading "Remarks" been read in full to the employee to whom they relate, and has the employee been informed as to the status reflected on the reverse side of this report? Yes

I have read this report:

MEMORANDUM FOR MR. TOLSON

Reference is made to Mr. Clegg's memorandum to the Director under date of April 29, 1939, concerning an informal pistol meet to be held at Quantico, Virginia, on Sunday, April 30, 1939.

Yesterday afternoon, Special Agents Walsh, Logan, Wily, ~~Belmont~~ and I proceeded to Quantico and participated in this match, which was very informal and covered the regular Camp Perry Police Course with .38 calibre revolvers and the National Match Course with .45 automatic pistols. With the exception of the team from the Lorton Reformatory and Fredericksburg, Virginia, practically all of the contestants outside of those from the Bureau were representatives of the Marine Corps. The Bureau team, which was picked up on the spur of the moment without any practice whatsoever did not do badly.

I am attaching hereto a communication addressed to Captain Davidson of the Marine Corps, thanking him for his invitation.

Respectfully,

W. R. Glavin.

RE: Illness of Mr. Alan Belmont

Mr. Alan Belmont advised the writer this morning that he was not feeling well and thought he should go see a physician. He was advised by the writer he should, of course, do this and take any necessary time off until he felt able to resume his duties. He left the office this morning shortly thereafter and this afternoon his wife phoned the writer and advised that Mr. Belmont has been in considerable pain since coming home today, that the doctor was called and believes possibly he may have a kidney stone. The doctor gave Mr. Belmont a hypodermic which relieved the pain and believes X-rays are necessary. Mrs. Belmont was informed by the writer that she should not let Mr. Belmont return until he feels entirely well and that if there is anything the writer or the Bureau can do to be of assistance that it would be done. The writer will keep in close touch with Mr. Belmont's residence and see that all possible assistance is rendered.

Respectfully,

MEMORANDUM FOR MR. TOLSON

Reference is made to the letter dated November 16, 1939, checked by the writer, to Mr. Sheldon Glueck, Professor of Criminology at Harvard University Law School, in which the salutation is shown to be "Dear Mr. Glueck" which letter was returned as an error, in that the proper address should be "Professor Sheldon Glueck" and the salutation "My dear Professor".

I am advised that in the past both forms of addresses and salutations have been used. I have instructed, however, that only the preferred form be utilized in the future.

In this particular case, it is noted that Professor Glueck is listed as a Doctor in "Who's Who" and therefore under the correct procedure, it is believed that the address and salutation in this particular letter should be "Dr. Sheldon Glueck, Professor of Criminology, Law School of Harvard University, Cambridge, Massachusetts" and the salutation "Dear Dr. Glueck". The letter has been rewritten in this manner.

Respectfully,

A. H. Belmont

MEMORANDUM FOR MR. TOLSON

Reference is made to the attached list of safety precautions to be observed on the pistol range here in the building.

Inasmuch as the first lecture on the handling of firearms and dry firing to new special agent classes deals to a considerable extent with the safety factor in handling firearms, it is suggested that a supply of these safety regulations be printed up and maintained for distribution to the new Agents at the time of this first lecture.

In this way the new Agent will be able to go over the safety rules a sufficient number of times to be thoroughly familiar with them prior to his actual firing on the range.

Respectfully,

A. H. Belmont

Dear Mr. Belmont:

The Bureau has considered your memorandum to Mr. Tolson under date of December 19, 1939, wherein you suggested that a copy of the safety regulations pertaining to the use of firearms as posted in the Bureau's Pistol Range be furnished to all new Special Agents.

Your suggestion has been carefully considered and I am most happy to advise you that it has been adopted. These regulations will be distributed to all new Special Agent Trainees upon their entry on duty.

I do want to thank you for the interest you have displayed in your work in advancing this suggestion.

Special Agent Belmont has been assigned to the Chief Clerk's Office since June 6, 1938, and at the present time is in grade CAF-9, receiving a salary of \$3700 per annum. He is carried on the Seat of Government rolls and cannot, therefore, at this time be considered for reallocation from grade CAF-9 to grade CAF-10 in view of the fact that there is no vacancy in a grade CAF-10 position in the Chief Clerk's Office.

During his period of assignment here, he has handled applicant matters and routine work assigned to the Chief Clerk's Office. For the past six or seven months, he has been assigned in charge of the Supply Division and has also followed the ordering of supplies, materials, and equipment for Quantico. In addition thereto, a great period of his time has been spent in handling the pistol range for Tours and for special Clerical and Special Agent classes. He has become very well qualified in the latter work and, in my opinion, is on a par with others at the Seat of Government who perform such duties. He has done a good job in the supply room, both in the basement and on this floor. I am of the opinion that he is loyal, interested in his work, and that the long hours which he has put in entitle him to consideration at this time for a promotion from grade CAF-9 at \$3700 per annum to grade CAF-9, \$3800 per annum, the maximum in that grade.

Dear Mr. Belmont:

The Bureau has received the report of the physical examination afforded you at the United States Naval Hospital, Washington, D. C., on December 21, 1939.

The only defect noted during this examination was first degree bilateral flat foot - no symptoms. The Board of Examining Physicians states that you are capable of performing strenuous physical exertion and physically qualified for participation in raids or other work involving the practical use of firearms. It does recommend, however, that you be vaccinated for smallpox and inoculated for typhoid.

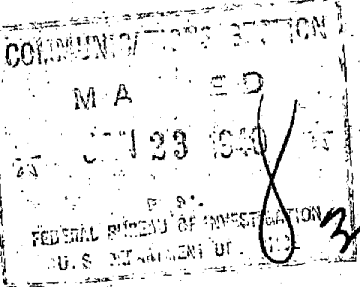

For your information, it was determined during this examination that your blood is International Type "A".

Sincerely yours,

MEMORANDUM FOR THE DIRECTOR

RE: ALAN H. BELMONT
Special Agent (A)

I spoke to this Agent who is a supervisor in the Chief Clerk's Office. He entered the service of the Bureau as an accountant in November of 1936 and has been at Birmingham and Chicago, and in the Chief Clerk's Office since June of 1938. The reports upon him have been good. The report from the last retraining school which he attended was not particularly outstanding, referring to the fact that he was about average in personal qualities, in attitude, his testimony was fair and interviews conducted fair; that he seemed fair in ability to express himself clearly, but above average in mental alertness, resourcefulness and industry, as well as in energy and willingness to work. At that time Mr. Clegg stated he would be satisfactory as a Resident Agent but he would not be qualified for an administrative position.

I think this man has administrative ability. I do not think he is ready now for assignment as an SAC. I think he could develop along that line and be trained along that line, and I think the training process should commence. I think he has been in the Chief Clerk's Office too long. I think he has benefited by being there, but I don't know that he will be benefited much further. He has never been a Resident Agent or a #1 man. I think he is qualified for a #1 man assignment at the present time and for a #1 man assignment in a rather important office.

His personality is forceful. His appearance is not. In other words, it is necessary that you talk to him before being convinced that he has a forceful personality. It is, however, forceful in my opinion. His experience has been good. He had to work his way through college, and his grades were outstanding. He also indulged in athletics and social activities to a balancing extent. He would make good contacts. I believe he is fairly resourceful. There is no question as to his industry. I think that he is potential Agent in Charge material.

Very truly yours,

H. Nathan

MEMORANDUM FOR MR. TOLSON

RE: ALAN H. ^OBELMONT
Supervisor - Chief Clerk's Office

The above-mentioned Special Agent has been assigned to the Chief Clerk's Office since June 6, 1938. At the present time he is in grade CAF-9, \$3800. per annum.

Inasmuch as he is now performing the duties which were previously performed by Special Agent Laughlin, it is my recommendation that he be re-allocated in grade without change in salary from his present grade of CAF-9, \$3800 per annum to CAF 10, \$3800 per annum. This will fill the vacancy which was created through the transfer of Mr. Laughlin to Mr. Crawl's position.

MEMORANDUM FOR MR. TOLSON

RE: RULES AND REGULATIONS
Section 64, Applicants

It is noted that in the above Section, under the heading LABORATORY TECHNICIAN, the following statement is made relative to applicants for appointment to the position of Laboratory Technician: "A Master's Degree in the sciences is required and preference is given ----." It has been my understanding right along that a Master's Degree in the sciences, while it is of advantage to the applicant, is not a requirement. It is further pointed out that the pamphlets sent out to technical laboratory applicants do not include the Master's Degree as a requirement, except relative to the position of Junior Physicist, but state "In addition to the above requirements preference will be given to applicants having one or more of the following qualifications or experiences: Master's Degree in the sciences; ----."

Inasmuch as the two qualifications of information conflict, Mr. J. A. Martin of the Technical Laboratory was contacted by the writer. He stated that only in the case of the Junior Physicist was the Master's Degree in the sciences a requirement. In view of the above, it is suggested that the section pertaining to LABORATORY TECHNICIAN of Section 64 of the Manual of Rules and Regulations be changed to read as follows: "A Master's Degree in the sciences is required for the position of Junior Physicist, and for the remaining positions, preference is given to applicants having this Degree. Preference is also given to applicants having two years of commercial experience along the lines of their university education ----."

I am attaching copies of the explanatory pamphlets relative to these positions herewith.

MEMORANDUM FOR THE DIRECTOR

RE: A. H. BELMONT - SPECIAL AGENT

This Special Agent attended the In-service Training Course #20 which began on April 8 and concluded on April 20, 1940.

Belmont is thirty-three years of age. He has been in the Bureau's service for three and one-half years, the last eighteen months being spent in the Chief Clerk's Office. He makes a good appearance and has a fine personality. I am very much impressed by his personal qualifications and I think he definitely has administrative ability. He is a hard worker, considers every problem from a purely impersonal "what is best for the Bureau" standpoint. I consider his status as excellent.

This Special Agent attained the following grades:

Plant Protection Examination	100

Hip shooting	82

MEMORANDUM FOR MR. TOLSON

Re: Efficiency Rating Forms

My attention has been called to the fact that the efficiency rating form used in the past does not meet present requirements in connection with the terminology used under the heading "Marksmanship", inasmuch as the firearms schedule has been changed to cover the periods July 1st to June 30th each year.

It is believed the terminology could be changed as follows with good effect:

Marksmanship

Qualified in all firearms

Times failed to qualify with:

The answer to the first heading would be "yes" in all cases except where Agents are on civil assignment, in which case the answer would be "no, civil assignment". Under the second heading information would be listed as to the number of times the Agent failed to qualify during the past year with each particular type of gun.

Re: A. H. Belmont, Special Agent
Supervisor

The above-mentioned Agent has been in the Chief Clerk's Office since June 6, 1938, and is at the present time in Grade CAF 10, receiving a salary of \$3,800 per annum.

I am of the opinion that he is deserving of an increase in salary at this time; however, due to his being in Grade CAF 10, which grade exceeds its average at the present time, it will not be possible to afford him any promotion at the Seat of Government. It is suggested that inasmuch as he will undoubtedly be considered for a field assignment in the light of present developments, consideration be given to transferring him from the Seat of Government rolls to the field roll, and affording him an increase of \$200 at this time.

This employee has been assigned to the Chief Clerk's Office since June 8, 1938. He is presently receiving a salary of \$3800 per annum in Caf 10. He has excellent possibilities for development in the service and is deserving of an increase in compensation which cannot be afforded him as a regularly assigned supervisor at the SOG.

It is accordingly recommended that Mr. Belmont be transferred to the Washington Field Division; that he be accorded an increase of \$200 at this time, and that he be assigned to Division Five as a Supervisor under Mr. Clegg's tutelage, where it is believed he will be able to indicate possibilities for further advancement in the service.

REMARKS

Mr. Glavin reports that Belmont has done an excellent job in the supply division of the chief clerk's office, is thoroughly familiar with all its duties, has taken charge of moving operations, set up the furniture and equipment at Quantico, has done his work expeditiously, has a forceful and pleasing personality, performs considerable overtime, is qualified in firearms, suitable for dangerous assignments, and Mr. Glavin would recommend him for assignment as #1 man at any office other than New York or Chicago.

In April, 1940 at the completion of an inservice course, Mr. Hince reported that he has a fine personality, is industrious, and he considers his status as excellent.

I spoke to him in February, 1940 and reported favorably, stating his personality was forceful but his appearance was not, that I believed he was fairly resourceful and was potential agent in charge material.

In January, 1940 Mr. Glavin reported favorably upon his work, referring to the long hours he was working. He was given a \$100 increase on 1/16/40.

RECOMMENDATION - I recommend an increase of \$200 good man.

This is a very satisfactory

REMARKS:

(Under this heading shall be set forth a digest of criticisms and conditions of significance which will reflect deficiencies, meritorious features, and special qualifications or disqualifications.)

Mr. Belmont, during his period of assignment in the Chief Clerk's Office, has assisted in the preparation of budget material but has been primarily in charge of the Supply Division of this office. He has done an excellent job insofar as his supervision of the Supply Division is concerned. He is thoroughly familiar with all of the duties of the Supply Section proper in the Basement, has interested himself in the maintenance of this Department in a satisfactory manner, and the efficiency of the Supply Section has increased considerably since he has had jurisdiction over it. He inaugurated the policy of training Clerks in the Supply Division on this floor in the duties of the Supply Division in the Basement and in this manner has given greater understanding of the duties of this section to all employees who are assigned to duties in the ordering and distribution of supplies.

I have designated Belmont on numerous occasions to take charge of moves within the Building. He has done an excellent job, his most recent move being the change in the Investigative, Training, and National Defense Divisions. He personally supervised these changes and had all changes completed in a period of two and one-half days. He was assigned to take care of the move and setting up of all furniture and equipment at Quantico. He handled this move expeditiously and in a very satisfactory manner with a maximum result and with a minimum loss of time.

Mr. Belmont is also assigned duties in the handling of special correspondence in this office and for the most part has exhibited excellent judgment in the handling of matters such as this kind.

He presents a very good appearance, has a forceful and pleasant personality, is interested in his work, is entirely loyal to the Director and to the Bureau, has performed considerable voluntary overtime service and, in my opinion, has designated his fitness for additional responsibility. I would have absolutely no objection to recommending him at this time for a #1 position in any of the field divisions in the country with the exception of New York and Chicago. I believe that with further field training he would have absolutely no difficulty in handling the duties of a Special Agent in Charge. He is thoroughly qualified in the use of all Bureau firearms and has been used on numerous occasions as an Instructor on the Range in this city. He is qualified to handle any type of assignment involving personal danger.

Have the contents of this report under the heading "Remarks" been read in full to the employee to whom they relate, and has the employee been informed as to the status reflected on the reverse side of this report? yes

MEMORANDUM FOR MR. TOLSON

RE: U. S. POSTAL DECISIONS
VOLUMES

It is suggested that the present practice of issuing Volumes 1, 2 and 3 of the U. S. Postal Decisions to Special Agent Accountants is unnecessary.

In this connection, it is noted that the Bureau could not obtain a sufficient number of Volume 4 to furnish a copy to each special agent accountant, but instead a copy of Volume 4 has been sent to each Field Division. It has further been ascertained that the great majority of Field Offices have as part of their inventories Volumes 1 and 2 of the Postal Decisions, and in some cases Volume 3. This, of course, is in addition to the recent issue of Volume 4, which has been sent out to all Field Divisions.

It is suggested that the U. S. Postal Decisions presently charged out to Special Agent Accountants in this service be recalled and that the Chief Clerk's Office be requested to see that every Field Office has one complete set of Postal Decisions, from Volume 1 to 4, inclusive. It is believed the information contained in these Volumes would be readily available to the Accountants in the service in this manner, and such a system would relieve the Accountants of the books presently in their possession which, in my opinion, are not necessary to them. In those Offices where considerable mail fraud cases are handled, it may be felt desirable to establish more than one complete set of these books as part of the Office inventory in order that ready reference may be made to them by the Accountants of the Office in question.

Respectfully,

A. H. Belmont

MEMORANDUM FOR THE DIRECTOR

W. H. Belmont

With reference to your memorandum of July 2, 1940, addressed to Mr. Foxworth requesting an explanation for the failure of Mr. Belmont to attend gymnasium on June 28th, Mr. Glavin on June 24th, Mr. Hallford on June 26th and Mr. Harbo on June 24th and 29th, I wish to advise as follows:

Mr. Glavin was working on the budget on June 24th and was not able to attend gymnasium.

Mr. Belmont on June 28th was at the Airport to meet Governor Stark and because of official business did not attend the make-up period.

Mr. Harbo was out of town from June 24th to June 29th.

It is not known why Mr. Hallford did not attend gymnasium and inasmuch as he is now at Little Rock, no further inquiry will be made unless so instructed.

Respectfully,

✓

MEMORANDUM FOR MR. H. H. CLEGG

In going over non-specific complaints received from the Field Offices, it is apparent that a large percentage deals with secret neighborhood meetings of pro-Nazi and pro-Fascist groups as reported by persons to whose attention these meetings have been drawn and who, in many instances, have been invited to attend the meetings.

Due to the seeming prevalence of such meetings, it is suggested that when Special Agents in Charge are called into the Bureau for instructions, they be advised that agents interviewing complainants of this type in the Field Offices should indicate within their discretion to the complainant, that the Bureau will be pleased to have them attend the meeting and submit reports of what goes on.

I believe also that it would be a good thing to stress this factor at retraining classes in order that the agents in the field may understand the Bureau's wishes in this respect.

I believe that the Bureau should receive definite reports of just what takes place at such meetings to determine the extent of the organization of the pro-Nazi and pro-Fascist element in this country and to what extent the trend of such organization is detrimental to the U. S. Government. Reports of this nature can best be obtained through persons actually attending the group meetings. In this respect, it is pointed out that individuals making complaints relative to these activities have, by this very action, indicated their disapproval of the activities, and therefore should make desirable informants if they attend the meetings.

Dear Mr. Belmont:

Reference is made to the suggestion set forth in your Memorandum dated August 24, 1940, relative to the advisability of instructing complainants to attend meetings of subversive groups and report the results of their observations to the Bureau.

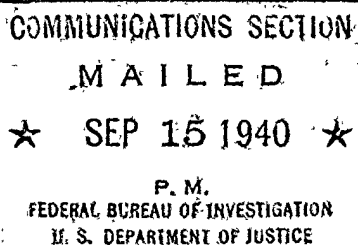

You are advised that the Bureau does not approve such instructions, since they are specifically contrary to the policy of the Department and the instructions of the Attorney General. They are also contrary to the existing Bureau policies and desires that all investigative work be performed by regularly constituted law enforcement officers.

I appreciate your thoughtfulness in submitting this suggestion.

Sincerely yours,

J. Edgar Hoover

MEMORANDUM FOR MR. CLEGG

Reference is made to my memorandum dated September 29, 1940, regarding a call from Mr. H. F. McLean from Marysville, Ontario, Canada, to verify a report that Courtney Ryley Cooper had committed suicide in New York. You inquired as to when this memorandum was sent to the Director and why it was not sent earlier.

Please be advised that no stenographer was available to prepare this memorandum on Sunday night inasmuch as the call was received at 10:45 P.M. On Monday morning, I personally escorted Major Ernest W. Brown to the NPA exercises. Immediately upon leaving Major Brown after the exercises, I dictated this memorandum. I then escorted Major Brown to the NPA meeting at the Department of Justice Auditorium. Upon my return, I signed the memorandum and forwarded it to the Director's Office by special messenger.

To the best of my recollection, the memorandum was forwarded by special messenger to the Director's Office about 5:00 P.M., Monday afternoon.

Respectfully,

a very bad delay.

Dear Mr. Belmont:

I wanted to express to you my personal appreciation for the manner in which you handled the task assigned to you in connection with the Retraining Session of the FBI National Police Academy Associates, recently.

I fully realize that it was a sacrifice on your part to attend to the individual needs of Major Ernest W. Brown, and at the same time perform the duties of your office. However, it is the individual sacrifices of FBI employees that made the 1940 program such an overwhelming success.

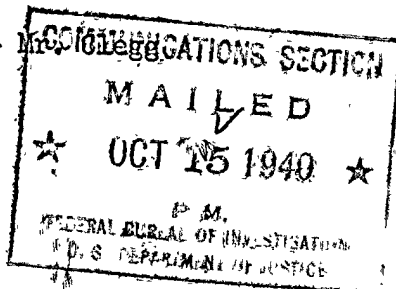

With best wishes and kind regards,

MEMORANDUM FOR THE DIRECTOR

Re: Special Agent A. H. Belmont,
Supervisor.

You will recall that Special Agent Belmont was recommended to make specialized studies relative to the preparation of cards so that he could do field work in this line of activity. Since other arrangements have been made, Mr. Belmont has subsequently been transferred to the Chief Clerk's Office. He is concluding active assignment in this Division at the close of business today.

Mr. Belmont's services in Division Five have been of an entirely satisfactory character. He has worked under some handicap in view of the difficulty of effecting a proper coordination of the record information which he was handling, and because of the fact that a law-trained supervisor should be assigned to review reports received in the Con file and Mr. Belmont is an accountant. It was believed preferable for the work of supervising the records of the confidential type which had been handled by Mr. Belmont to be consolidated with the supervision of the reports received based on such work.

Mr. Belmont has been very patient, persevering and painstaking in maintaining the detailed records with which he was charged. These included records of various confidential surveillances which had been maintained and records of informants. In addition, he has aided from time to time in the supervision of reports on Mexican matters and has been of assistance also in supervising reports dealing with internal security problems. Throughout his entire service, he has performed his work to a high degree of satisfaction, and I have no criticism whatsoever to make concerning his performance. I feel Mr. Belmont to be particularly well qualified from an administrative standpoint in maintaining records, using his services and experience in accounting and in doing other types of office or desk work which it may be found profitable to assign to him.

Respectfully,

In view of the transfer of the above mentioned Special Agent from this office to New York City I desire to submit a further efficiency report on him.

Since he has returned to the Chief Clerk's Office from the National Defense Division, he has been handling the confidential informants' file and has been assisting in handling applicant mail and investigations. He has also assisted in handling some of the budget work. His duties have continued to be entirely satisfactory. He is entirely loyal to the service; possesses a good personality; has a pleasing personal appearance; and is one whom I believe will continue to develop in the service. I would have no hesitancy whatsoever in assigning him to any type of investigation and I am of the firm opinion that he possesses the necessary administrative and executive capacity to advance further in the service.

MEMORANDUM FOR MR. TOLSON

As you will recall Mr. Connelley has requested the assignment of a Number One Man to the special squad who would handle the paper work and assist Donegan. In a conversation with Mr. Connelley he advised me that Special Agent George R. McSwain, presently assigned as a Supervisor in New York was satisfactory for this assignment. He has observed McSwain around the New York office and feels that he knows the territory and could do the job and stated specifically that he knows of nobody else available who would be better. Accordingly it is recommended that Special Agent George R. McSwain be assigned to Mr. Connelley's squad as soon as possible.

To replace Agent McSwain in the New York Office who has been handling applicant investigations and a few criminal violations, it is respectfully suggested that Special Agent A. M. Belmont, who has been assigned as a Supervisor in the Chief Clerk's Office since June, 1938, be assigned to the New York Office as a Supervisor.

Mr. Belmont has made a good record in the Bureau and all of the officials have spoken highly of him. He has excellent potential possibilities for development into a Special Agent in Charge and if assigned to New York as a Supervisor, it would provide excellent training for him and an opportunity to determine his future capabilities.

Respectfully,
